

To Members of the Labor Committee:

My name is Joseph F. D'Errico Sr. President of Colonial Colour, Inc.  
I am a commercial printer in Guilford CT.

I am opposed to HB-6187, which would require Connecticut employers to provide paid sick. My medical to employees just went up 13%, you people want to raise the unemployment tax 12%. My utilities are sky-rocketing. When does it stop.

Remember, in this economy that we are now in, it is a privilege to have a job. For the past 2 months I have had my employees on a 32 hour work week. They were happy to accept it and not laid off.

Should this bill pass I will have to make some real hard decisions.

Signed  
Joseph F. D'Errico Sr.
